

This week's episode begins with a dive into the corruption surrounding Interior Secretary Deb Haaland and the ongoing investigation into her actions. They discuss the weakness of President Biden on a global scale amidst the war in Israel.

Could terrorism happen in the U.S. by coming through our open border? Is it already happening? With the crisis reaching epic levels, Democrats in New Mexico still don't want a border wall, but Biden might have to rebuild it. Steve blasts the ridiculously out-of-touch statement from the Democratic Party of NM claiming border fencing should be removed. **Tune in now to hear it all and more!**
