FOR IMMEDIATE RELEASE

March 21, 2024

Series of Public Meetings for Border Highway Connector Study
March 22 and March 23, Sunland Park

The New Mexico Border Authority (NMBA), in cooperation with the New Mexico Department of Transportation (NMDOT) and the Federal Highway Administration (FHWA), is conducting a series of in-person Border Highway Connector Study (CN E1003901) meetings around Sunland Park.

We Want to Hear from you!

The purpose of this Study is to evaluate a future border highway roadway to improve access, mobility, and connectivity by establishing a new east/west corridor in the region of the United States/Mexico border.

You will be able to visit with a team member, ask questions, and share comments regarding the potential alignments.

Interpretación en español será disponible.
